

# PRISM MARITIME FABRICATION

## STRUCTURAL FAB

- ◆ Structural Platforms
- ◆ Equipment Foundations
- ◆ Steel & Aluminum Plate Rolling/Bending/Shaping

## WELDING

- ◆ Carbon Steel, HY-80/100, Stainless Steel,, Aluminum, Copper Nickel, Nickel Copper
- ◆ SMAW, GMAW, GTAW, FCAW Processes

## PIPE FAB

- ◆ Pipefitting for Various Shipboard Systems (Water, Air, oil, etc.), for Various Materials (CU-NI, NI-CU, CS, SS, CU) to 5D Bend Radius
- ◆ Template & Waveguide Installation IAW NAVSEA Standards

## CUTTING

- ◆ Techni Waterjet System
- ◆ Accurate cuts in any material up to 5" thick
- ◆ Accuracy  $\pm 0.006"$
- ◆ Cut area 66.9" x 145.7"

Check out our gallery online at: <https://prismmaritime.com/portfolio/fab-gallery/>

**Waterjet Table** Cutting Steel, Aluminum, Sheet Metal for HVAC Prefab; 5 Axis Head (Flipped & Beveling capabilities)

**Vertical Band Saw** Cutting Pipe, square stock, angle stock, rectangular tube, waveguide

**Pipe Bender** Bending all Pipe from ½" - 2".

**Drill Press** Standard precision drilling

**Horizontal Band Saw** Radius Cuts, Straight Cuts, Pad Eyes

**Sand Blast Cabinet** Prep Work for Pre-Fab Sub-Assemblies & Small Steel Foundations

**Six FCAW Miller Machines** & Supporting Welding Tables - Pre-Fab Workstations

**Two Dynasty 280 Tig Welding Machines** PreFab Workstations

**Baileigh 180 Ton Steel Press Break** All Radius forming & making flanged plate components, radius plate for bulkheads

**Overhead Crane** 10-ton offloading, lifting, moving platforms & building platforms within our new facility

**Iron Worker** Five stations for notching, bending, punching, shearing, flanging of steel and aluminum stock
